# 10 Simple Trade Setups That Can Make You Rich: Trading Is Simple If You Use These Low Risk High Reward Trading Strategies

## Synopsis

10 Simple Trade Setups That Can Make You Rich! Do you know the secret to profitable trading? The secret that is so obvious that it is often hiding in plain sight is to get low-risk high reward trades, this way even if you lose more trades than you win, you can become a profitable trader. In this short book are ten simple setups used by professional traders to make money every day in the markets, they are great for forex, futures and commodity trading and while simple they are created to give you the best chance of making profits in the markets. This book has been created with simplicity in mind to give all aspiring traders the opportunity to learn these low risk, high reward trading strategies. To learn how to manage these types of trades to get the highest return you can find lots of example videos on the blog [www.10xroitradingssystem.com](http://www.10xroitradingssystem.com). Read and enjoy...

File Size: 10993 KB

Print Length: 63 pages

Simultaneous Device Usage: Unlimited

Publisher: LR Thomas Enterprises (January 20, 2016)

Publication Date: January 20, 2016

Sold by: Digital Services LLC

Language: English

ASIN: B01AW3HCDM

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Not Enabled

Enhanced Typesetting: Enabled

Best Sellers Rank: #61,888 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #42 in Kindle Store > Kindle eBooks > Business & Money > Investing > Stocks #47 in Books > Business & Money > Investing > Analysis & Strategy #86 in Kindle Store > Kindle Short Reads > 90 minutes (44-64 pages) > Business & Money

## Customer Reviews

The information isn't terrible but also isn't anything that a google search for trading tips won't cover. I just can't recommend this book. It's a marketing lead for an email list (as is made clear in the opening and conclusion which are separated by about 5 minutes of light reading) and not much

more than that. It contains a series of charts that appear to have been taken via the phone camera on a vintage cell phone that were converted into a book. There are no references as to what company any charts pictured are showing, or if there is I cannot tell as the text is so hard to read from the image detail issue (also, I've used both the zoom function on a kindle voyage as well as the PC version of kindle to try to see these images better. To the author, build your list somewhere else and fire whoever told you that this was a good idea. This isn't a good way to generate leads/reciprocity, or at least try a little harder on your future attempts.

Simple trading methodologies are often overlooked because they appear too simple to be effective. However, that isn't the case with the setups in this book. They've stood the test of time. (A look back at the charts proves it.) Most of the setups are for higher time frames, but that works perfectly for people who are looking for a way to trade around a full time job.

Helped me fall asleep. Then most I got was to trade with the trend. Dang why didn't I think of that.

Nothing special, that I didn't learn on my own, but at least it's quick and easily accessible. They are helpful at least.
