Customer Reviews

Love this book! So much information and fantastic step by step color photos. Highly recommend this book to anyone that has an interest in becoming a nail technician. Also, the delivery was crazy fast. Got my book in two days :)

This book is very informative, however, the reason why I gave it a 3 star is because of quite a few grammatical errors. For instance spelled COMPLEMENTARY correct on some pages and in the glossary, but on other pages in the chapter review they spell it COMPLIMENTARY. Also, some words in the glossary are not in alphabetical order. Some of the answers/definitions in the workbook do not match the information given to us in the textbook. However, all in all very informative.

Just what I needed to study for my test has everything in it down to updated stuff very clear and understandable and I like it.

Yes, thank you for responding to my needs.

Needed for school

Works great with my workbook. Super fast shipping!
