Customer Reviews

This workbook was a great help while reading the textbook. The answers at the back of the book were placed so that it is difficult to check your answers with the practice tests in an easy and fast way. You almost have to tear the answer pages out and then use them to double check or correct your answers. Great help otherwise.

This book is as bad as the rest in this series. Especially the faulty exam review book. Some of the questions in this workbook have hidden the answers so well in the learning book, that they are impossible to find, teachers and students alike. Over all a bit of proofreading would have gone a long way.

The reason that I gave that rating because I use it for school and gotten ahead of my assignments. I gotten a notice on when it will come. It came. On time. Thank you

This book is great. I would recommend it to anyone who is studying barbering and plan to open their own business.

Book was in good shape! Had a few markings in it but, that was to be expected from a used workbook.

This book is awesome and teaches you everything you need to know.

Great book for student to use.

It was exactly what we needed. thank you. I may need more . Renting books is the way to go.
