Customer Reviews

My wife got this book for a class. She does not like it due to its size which she says is incredibly cumbersome because of its size. She would prefer a book she can either read online or one that is not as long and heavy as this one.

This is useful to my education it is conducive to my course in Fashion 240. These are my daughters words...not much to be said for a required textbook.

This book is the best if you want to know more about fashion or all ready is in the industry and just want to know more and get a deeper knowledge.

Very nice book, looks brand new even though I'm renting it used
