We Band Of Angels: The Untold Story Of The American Women Trapped On Bataan

Synopsis

In the fall of 1941, the Philippines was a gardenia-scented paradise for the American Army and Navy nurses stationed there. War was a distant rumor, life a routine of easy shifts and dinners under the stars. On December 8 all that changed, as Japanese bombs began raining down on American bases in Luzon, and this paradise became a fiery hell. Caught in the raging battle, the nurses set up field hospitals in the jungles of Bataan and the tunnels of Corregidor, where they tended to the most devastating injuries of war, and suffered the terrors of shells and shrapnel. But the worst was yet to come. After Bataan and Corregidor fell, the nurses were herded into internment camps where they would endure three years of fear, brutality, and starvation. Once liberated, they returned to an America that at first celebrated them, but later refused to honor their leaders with the medals they clearly deserved. Here, in letters, diaries, and riveting firsthand accounts, is the story of what really happened during those dark days, woven together in a deeply affecting saga of women in war.

“Praise for *We Band of Angels* is gripping . . . a war story in which the main characters never kill one of the enemy, or even shoot at him, but are nevertheless heroes . . . Americans today should thank God we had such women.” —Stephen E. Ambrose

“Remarkable and uplifting.” —USA Today

“[Elizabeth M. Norman] brings a quiet, scholarly voice to this narrative. . . . In just a little over six months these women had turned from plucky young girls on a mild adventure to authentic heroes. . . . Every page of this history is fascinating.” —Carolyn See, *The Washington Post*

“Riveting . . . poignant and powerful.” —*The Dallas Morning News*

Winner of the Lavinia Dock Award for historical scholarship, the American Academy of Nursing National Media Award, and the Agnes Dillon Randolph Award

I, too, read Elizabeth Norman's book, *We Band of Angels, The Untold Story of American Nurses Trapped on Bataan by the Japanese*, over the Memorial Day weekend. She did a masterful job in her research and writing to retell this unique story about this group of America's military nurses and their dedication to duty. This story is unique in American military history, in that in no other instance in our history has this number of military women, been taken captive, held as POWs for almost three years, and all survive. However, it is not unique in its demonstration of military nurses' dedication to honor and duty. The facts in the book speaks loudly to many of today's societal debates, but to Norman's credit, she chose not to get into what many of us euphemistically term "pissing battles of bias". She tells the story of this historical event and its impact on the women who experienced it. She let the story stand on its own merits for anyone who reads it. Am I biased in undertaking this review of her book? To an extent, yes. I am a retired Army Nurse Corps officer, who worked with, or served under some of the women about whom Norman has written, and who we both tremendously admire. I have also had opportunity to know perhaps more about the blueprint of her story than most of the public-at-large. She has done a masterful job. Had she not, I would not have given her the time of day. Norman's research and interviews led her to more details about this historical event than many of us were aware and has interwoven them into the story in a manner that cleared up some of its mysteries.
