The Merck Veterinary Manual

Synopsis

The Merck Veterinary Manual (MVM) covers all domesticated species and diseases in veterinary medicine worldwide. This completely revised and redesigned new edition of the veterinary classic uses a two-column format and color throughout for easy-to-read text and tables. Hundreds of color images enhance and illustrate the text. In addition to extensive revisions and updates, this edition includes a new section on public health and zoonoses, expanded coverage of fish and aquaculture, new chapters on backyard poultry, toxicologic workplace hazards, smoke inhalation, and additional coverage of numerous new and emerging topics in veterinary medicine.

Average Customer Review: 4.9 out of 5 stars [See all reviews](#) (15 customer reviews)

Best Sellers Rank: #9,343 in Books (See Top 100 in Books) #2 in [Books > Textbooks > Medicine & Health Sciences > Veterinary Medicine > General](#) #2 in [Books > Medical Books > Veterinary Medicine](#)

Customer Reviews

So much more information than a textbook for a much lower cost. This is a great tool for any vet/vet tech/vet student. The section on common abbreviations is really helpful, and the thumb tabs are great for finding information quickly. I especially like the 2 column format; it makes the book much smaller, but it still has all of the information. Very concise information and lots of full-color pictures! The best part is the new section on public health. Great new addition, highly recommended!

It was delivered earlier than scheduled. And aside from some blurry fonts of some chapter titles, it looks great. I can't wait to use it! Thanks Merck. Thanks !

It's everything I expected from a Merck publication. It will be passed down in my family, from

generation to generation.

Brand new, good condition, reasonable shipping. Pages were ricepaper-y and thinner than expected. Overall very happy

Surprised,... Expected delivery for 40 days, delivered in a week. Thank You.

Very useful for veterinarians and future veterinarians.

Of course just what I needed! Yay for vet school!

The best one yet in a long history. DRF DVM
