Synopsis

It is impossible to have good designs without having accurate quality construction skills. Professional Sewing Techniques for Designers is an up-to-date sewing guide that teaches fashion design students the skills they will need to execute their original designs in a professional environment. Each chapter covers a particular theme, such as collars, and reflects the order of assembly of any garment. More than 1,000 detailed and annotated sketches provide visual support to the techniques covered.New to this Edition: New Chapter 5 "Stitching Knits: Working with Stretch" and Chapter 7 "Fitting: Developing an ’Eye’ for Good Fit"New chapter order reflects the stitching order of garments
