# Basic & Applied Concepts Of Blood Banking And Transfusion Practices, 3e

## Synopsis

Using an easy-to-understand writing style, this text integrates immunohematology theory and application to provide you with the knowledge and skills you need to be successful in blood banking. Problem-solving exercises and case studies help you develop a solid understanding of all areas of blood banking. Learning objectives begin each chapter. Illustrated blood group boxes throughout chapter 6, Other Blood Group Systems, give the ISBT symbol, number, and the clinical significance of the antibodies at a glance. Margin notes and definitions in each chapter highlight important material and offer additional explanations.
